*Thank you so much for this opportunity that you have given me. This scholarship will help more than you will ever know, this money will help me out with school expenses and make it easier on me and my family to afford my education. In fact, now with what I have saved in scholarships I will be able to possibly pursue my masters since I wont have as big of a student loan debt to repay. I again just want to say thank you for the opportunity and privilege of being selected.*
